Subject

A

Acetic acid, partition coefficient of, **32**:652

1-Aceto-3-stearin, infrared spectrum of, **32**:88

Acetone, fractionating oils with, **32**:397
winterizing cottonseed oil in, **32**:497

Acetone-insoluble method, determining neutral oil by, **32**:581

Acetyl value, determination of, **32**:675

Acids, chlorination of, **32**:520

Acrocomia totai, oil from, **32**:405

Acrylonitrile rubber, plasticizers for, **32**:354

Active Oxygen Method, review of, **32**:605

Adsorbent earths, acid removal by, **32**:1

Adsorption, bleaching by, **32**:587

Adsorption chromatography, review of, **32**:638

Albumin-copper, catalysis of linolenate oxidation by, **32**:252

Alcohols, in human hair wax, **32**:16
in wool wax, **32**:16
solubility of oils in, **32**:420
sulfation of, **32**:313
synthesis of, from wool wax, **32**:556

Alfalfa meal, phenolic antioxidants for, **32**:64

Alkali, determination of, in soap, **32**:531
isomerization of acids with, **32**:153

Alkali isomerization, determining unsaturation by, **32**:616

Alkyds, oil modified, varnishes from, **32**:291
polyvinyl fatty acid esters in, **32**:185

Alkylaryl sulfonates, determination in detergents, 32:58
dishwashing with, 32:487
phase studies in systems with NaCl and H_2O, 32:216
sodium, detergency of, 32:249
soil removal by, 32:138
synthesis and detergent properties of, 32:418
Alkylbenzene sulfonate, soil redeposition from, 32:200
Alkylolamide, dishwashing with, 32:487
Alkylphenol-ethylene oxide derivatives, determination in detergents, 32:58
Alkylphenyl polyethylene glycol ether, dishwashing with, 32:487
Alkylphenolates, micelles of, 32:446
Alkyl phosphates, micelles of, 32:446
Alkylpyridinium compounds, determination in detergents, 32:58
Alkyl stearate soaps, micelles of, 32:446
Alkylsulfates, preparation of, 32:313
sodium, phase studies in systems with NaCl and H_2O, 32:216
soil redeposition from, 32:200
synthesis and detergent properties of, 32:418
Alkyl sulfonates, micelles of 32:446
Aluminum soaps, micelles of, 32:446
Amide-esters, preparation and use of, 32:354
Amine carboxylates, micelles of, 32:446
Aminoalcohols, plasticizers from, 32:354
Ammonia, refining of oils with, 32:121
Amplified distillation, review of, 32:640
Anilins, determination of gossypol with, 32:29
reaction of gossypol with, 32:295
Anionic detergents, adsorption by textile fibers, 32:166
analysis of mixtures of, 32:58
textile applications of, 32:231
p-Anisidine, determination of gossypol with, 32:29
reaction of dianilinogossypol with, 32:295
Anteiso-fatty acids, in wool wax, 32:16
Antioxidants, analysis of, 32:493
for carotene, 32:64
for yellow grease, 32:287
phenolic, for edible fats, 32:386
2,4,5-trihydroxyphenones as, 32:158
AOM test, glass and iron tubes for, 32:175
vitamin A loss in, 32:197
Aquadag, soil redeposition tests with, 32:200
Arachidic acid, solubility of, 32:357, 646
Arachidonic acid, determination of, 32:616
spectrophotometry of, 32:158
Arachis oils, composition of, 32:521
Ash, determination of, 32:578
Automation, review of, 32:662
Autoxidation, infrared spectra in study of, 32:624
mechanism of, 32:700
of beef fats, 32:547
of drying oils, 32:207
of methyl oleate, 32:79, 135, 221
of oleic acid, 32:221
polarographic study of, 32:271

B

Babassu palm oil, properties of, 32:405
Baking tests, evaluation of fats by, 32:609
Barium soaps, micelles of, 32:446
Basket extractors, design of, 32:696
Beef fat, composition of, 32:547
odor and flavor of, 32:547
triglycerides in, 32:678
Beeswax, reaction of sodium with, 32:556
refractive index of, 32:709
Behenic acid, solubility of 32:357, 646
Behenolic acid, paper chromatography of, 32:132
Beninceasa cerifera seed oil, composition of, 32:384
Benzyl chloride, reaction of soapstock with, 32:551
BHA, antioxidant activity of, 32:386
determination of, 32:493
stabilization of fats and oils with, 32:158
of yellow grease by, 32:287
BHT, antioxidant activity of, 32:386
stabilization of fats and oils with, 32:158
of yellow grease by, 32:287
Bisphenol derivatives, carotene stabilization by, 32:64
Bis(2-ethylhexyl)sulfosuccinate, micelles of, 32:446
Bleaching, comparative economics of, 32:1
continuous vacuum, 32:1
batch open kettle, 32:1
batch vacuum, 32:1
Bleaching methods, review of, 32:587
Brassidic acid, paper chromatography of, 32:132
solubility of, 32:357, 646
Bread flour, peanut meal in premix for, 32:712
Browning, index for, in lecithin, 32:169
Buckeye continuous moisture meter, 32:344
Butter, centrifugation of, 32:73
solids content of, 32:706
Butterfat, crystallization of esters from, 32:646
detecting adulteration of, 32:667
determining unsaturation of, 32:351
Reichert Meissl number of, 32:667
n-Butyl stearate, solubility of, 32:646
Butylated hydroxy anisole, see BHA
Butyric acid, amide-ester plasticizers from, 32:354
esterification of phenols with, 32:170
partition coefficient of, 32:652

C

Cacao butter, glyceride composition of, 32:678
Cake batters, microscopic study of, 32:659
Cake test, comparison of 1- and 2-monoolein in, 32:194
Cakes, performance testing of fats in, 32:609
Calcium salts, effect of, on foaming of Na cetyl sulfate, 32:126
effect of, on soil redeposition, 32:200
Calcium soaps, micelles of, 32:446
Candelilla wax, refractive index of, 32:709
Capric acid, amide-ester plasticizers from, 32:354
Caprylate soaps, micelles of, 32:446
Caprylic acid, amide-ester plasticizers from, 32:354
esterification of phenols with, 32:170
Carbonyl compounds in rancid corn oil, 32:487
Carbonyl index, determination of, 32:341
Carbonyl tests, flavor score and, 32:596
review of, 32:605
Carboxymethyl cellulose, sodium, effect of, on soil redeposition, 32:200
sodium, soil removal with, 32:138
Carnauba wax, refractive index of, 32:709
Carotene, countercurrent distribution of, 32:652
stabilization by bisphenol derivatives, 32:64
Casein-copper, catalysis of linoleate oxidation by, 32:252
Castor oil, antioxidants for, 32:158
determining unsaturation of, 32:235, 351
spectrophotometric analysis of, 32:153
Castor seed proteins, properties of, 32:553
Cationic detergents, analysis of mixtures of, 32:58
textile applications of, 32:231
Centrifugation of global spreads, 32:110
phase separation in plastic spreads by, 32:73
Cetyl sulfate, sodium, effect of Ca^{++} on foaming of, 32:126
Chain length, determination of, 32:667
Chicken fat, glyceride composition of, 32:678
Chicks, nutritional value of cottonseed meal for, 32:103
Chinese insect wax, refractive index of, 32:709
Chlorine, reaction of unsaturated acids and esters with, 32:520
Chlorophyll, countercurrent distribution of, 32:652
in oils, removal of, 32:587
Cholesterol, in wool wax, 32:16
Cholesteryl esters, in wool wax, 32:16
analysis of fish oils by, 32:16
analysis of oxidation products by, 32:671
determining neutral oil by, 32:581
displacement, of linolenyl amides, 32:414
isolation of 2,4-dodecadienoic acid by, 32:356
of dinitrophenylhydrazones, 32:487
of hydrogenated acids, 32:400
paper, of unsaturated fatty acid esters, 32:132
review of, 32:638
Citric acid, antioxidant synergism in grease by, 32:158, 287
Citrullus vulgaris seed oil, composition of, 32:384
Clays, bleaching with, 32:587
Coconut oil, determining unsaturation of, 32:351
emulsions for intravenous feeding from, 32:365
oxygen uptake by emulsions containing, 32:528
properties of, 32:405
surface phenomena of, 32:23
triglycerides in, 32:678
Cohune palm oil, properties of, 32:405
Color, effect of bleaching on, 32:1
of cottonseed oil, 32:444
Color control, instrumentation for, 32:662
Color methods, review of, 32:587
Conalbumin-copper, catalysis of linoleate oxidation by, 32:252
Conjugated unsaturation, determination of, 32:235
determination with HOCl, 32:484
Consistency, measurement of, 32:593
Copolymerization, modification of drying oils by, 32:208
Copper-proteinate, catalysis of linoleate oxidation by, 32:252
Copper soaps, micelles of, 32:446
Corn oil, antioxidants for, 32:158
determining carbonyl index of, 32:341
oxygen uptake by emulsions containing, 32:528
rancid, carbonyl compounds in, 32:487
Cost control, review of, 32:684
Cottonseed, bench-scale extraction of, 32:129
determining linters on, 32:442
filtration-extraction of, 32:160
Cottonseed flakes, extraction of, 32:691
Cottonseed meal, determination of dianilinogossypol in, 32:29
determination of gossypol in, 32:29, 295
effect of storage on gossypol in, 32:55
extraction of gossypol from, 32:151
from prepress extraction, 32:98
nutritional value of, 32:103
use of phosphatides in, 32:564
Cottonseed oil, amines in refining of, 32:561
antioxidants for, 32:158
bleaching of, 32:1, 587
countercurrent distribution of diglycerol monoesters from, 32:191
degumming of, 32:121, 564
determining carbonyl index of, 32:341
determining unsaturation of, 32:351
effect of heat on color of, 32:444
establishing specifications for, 32:686
glyceride composition of, 32:678
hydrogenated, solubility in liquid glycerides, 32:316
monoglycerides from, 32:224
polyvinyl esters of fatty acids from, 32:185
prepress extraction of, 32:98
refining loss of, 32:581
refining of, 32:98
soapstock from, 32:517
solubility in ethanol, 32:429
solubility of hard fats in, 32:316
solubility of monoglycerides in, 32:489
solvent winterization of, 32:497
surface phenomena of, 32:23
Cottonseed soapstock, destruction of gossypol in, 32:551
plasticizers from, 32:551
Countercurrent distribution, analysis of lipids by, 32:652
of oils, 32:397
of monoglycerides, 32:191, 194
Crackers, phenolic antioxidants for, 32:386
Craig countercurrent analysis of autoxidation products, 32:16
of fish oils, 32:16
Craig countercurrent distribution of monoglycerides, 32:191, 194
Crystal structure, in lards, 32:37
Crystallization, analysis of glyceride mixtures by, 32:240, 241, 678
fractional, review of, 32:646

1,3-Distearin, infrared spectrum of, 32:88
Distillation, review of, 32:640
Distillation equipment, in extraction plants, 32:698
Di-tert-butyl peroxide, dehydropolymerization by, 32:16
Docosapentaenoic acid, spectrophotometry of, 32:153
Docosenol, isolation and properties of, 32:525
2,4-Dodecadienoic acid, isolation and properties of, 32:356
2-Dodecenoic acid, paper chromatography of, 32:132
9-Dodecenoic acid, paper chromatography of, 32:132
Dodecyl ethanoate, physical properties, 32:213
Dodecyl sulfate, sodium, surface properties and detergency of, 32:148
Dodecylamine soaps, micelles of, 32:446
Drying oils, autoxidation and oxidative polymerization of, 32:207
epoxy resins in, 32:291
fluorescence of, 32:381
fractionation of, 32:297
future markets for, 32:294
infrared spectra in study of, 32:624
modification of, 32:208
paints from Hyxoy type of, 32:300
polymerization mechanism for, 32:616
polyvinyl fatty acid esters in, 32:185
protective coatings from, 32:210
spectrophotometric analysis of, 32:153
thermal polymerization of, 32:94
Dye-dilution, estimating solids in fats by, 32:706

E

Earths, bleaching with, 32:587
Edible spreads, preparation from oils, 32:9
EDTA, effect of, on detergency, 32:126, 200
Eicosapentaenoic acid, spectrophotometry of, 32:153
4,8,12,16-Eicosatetraenoic acid, spectrophotometry of, 32:153
5,8,11,14-Eicosatetraenoic acid, spectrophotometry of, 32:153
Eicosenoic acid, solubility of, 32:357, 646
Elaeis guineensis, oil from, 32:405
Elaidic acid, autoxidation of, 32:700
isomerization during hydrogenation of, 32:400
paper chromatography of, 32:132
solubility of, 32:357, 646
Elaidyl alcohol, chlorination of, 32:148
Elasmobranch liver oils, composition of, 32:7, 229
Electrophoresis, of soybean oil meal, 32:274
Eleostearates, cyclization of, 32:473
plasticizers from, 32:533
polymerization of, 32:469
reaction of β-propiolactone with, 32:533
Eleostearic acid, determination of, 32:616
infrared spectrum of, 32:624
β-Eleostearic acid, iodine number of, 32:484
paper chromatography of, 32:123
Emulsifiers, baking tests with, 32:609
Emulsions, for intravenous alimentation, 32:365
for parenteral nutrition, 32:23
intravenous, oxygen uptake by, 32:528
microscopic study of, 32:659
Enyne fatty acids, in seed oils, 32:16
Epoxy resins, varnishes from, 32:291
cis-9,10-Epoxystearic acid, reduction of, 32:221
Erucic acid, paper chromatography of, 32:132
solubility of, 32:357, 646
Ester-amides, preparation and use of, 32:354
Ester interchange, production of polyvinyl esters by, 32:185, 350
Esterification of fatty acids with phenols, 32:170
Esters, chlorination of, 32:520
Ethanoate esters, physical properties of, 32:213
Ethanolamines, refining rice oil with, 32:561
Ethyl alcohol, refining rice oil with, 32:561
solubility of oils in, 32:420
Ethyl caprate, physical properties of, 32:213
Ethyl caproate, physical properties of, 32:213
Ethyl caprylate, physical properties of, 32:213
Ethyl cellulose resins, plasticizers for, 32:354
Ethyl esters, saponification numbers of, 32:667
Ethyl laurate, physical properties of, 32:213
Ethyl linoleate, chlorination of, 32:520
Ethyl myristate, physical properties of, 32:213
Ethyl palmitate, physical properties of, 32:213
Ethyl stearate, physical properties of, 32:213
solubility of, 32:646
Ethyl tetrachlorostearate, synthesis of, 32:520
Ethylamine, refining rice oil with, 32:561
Ethylene glycol, refining rice oil with, 32:561
Ethylene oxide adducts, determination of, 32:77
Ethylene oxide derivatives, determination in detergents, 32:58
Ethylenediamine, refining rice oil with, 32:561
Extraction, fractionation of oils by, 32:397
of cottonseed flakes, 32:691
of cottonseed oil with trichloroethylene, 32:444
of fish offal, 32:163
of meat offal, 32:25
prepress, of cottonseed, 32:98
Extraction efficiency, nomograph for determining, 32:109
Extraction-filtration of cottonseed, 32:160
of peanuts, 32:361, 565
of seeds, 32:129
Extraction plants, design of, 32:698

F

FAC method, determining color by, 32:587
Fat emulsions, intravenous, oxygen uptake by, 32:528
Fats, antioxidants for, 32:158, 386
detergents from, 32:148
determining glyceride composition of, 32:678
determining unsaturation of, 32:235, 351
preparing detergents from, 32:370
stability test for vitamin A in, 32:197
Fatty acid esters, oxidation under ultraviolet, 32:53
unsaturated, paper chromatography of, 32:132

countercurrent distribution of, 32:652
distillation of, 32:640
esterification of phenols with, 32:170
fractional crystallization of, 32:646
fractionation of, 32:667
fractionation with urea, 32:481
free, determination of, in soap, 32:531
hydroxamic acid derivatives of, 32:667
in fish oils, 32:16
effect of isolation method on, 32:16
in human hair wax, 32:16
in wool wax, 32:16
isomerization of, by $NaNH_2$, 32:414
polyunsaturated, urea fractionation of, 32:286
polyvinyl esters of, 32:185
saturated, infrared spectra of, 32:667
solubility of, 32:357
ultraviolet spectra of, 32:616
X-ray patterns of, 32:612
trans-Fatty acids, determination of, 32:624
Fatty alcohol sulfates, determination in detergents, 32:58
Fatty amide sulfates, determination in detergents, 32:58
Ferric soaps, micelles of, 32:446
Ferrous ion, reaction of gossypol with, 32:424
Fibers, adsorption of detergents by, 32:166
Filtration-extraction of cottonseed, 32:160
of peanuts, 32:361, 565
of seeds, 32:129
Fish fats, composition of, 32:7
Fish offal, extraction of, 32:163
Fish oils, composition of, 32:16, 492
spectrophotometric analysis of, 32:153
unsaponifiables from, 32:525
Flavor, evaluation of, 32:596
Flavor stability, of beef fats, 32:547
Flax seed, oil content of, 32:124
Flour, estimating peanut meal in premix for, 32:712
Fluorescence, nature of, 32:381
Frying fats, composition of, 32:667

G

Galeocerdo tigrinus liver fats, composition of, 32:229
Garcinia Indica fat, glyceride composition of, 32:678
Gardner heat test, 32:578
Gardner method, determining color by, 32:587
Gas-liquid chromatography, review of, 32:638
Gelatin, oxygen uptake by emulsions containing, 32:528
Global edible spreads, centrifugation of, 32:73
formulation of, 32:9, 110
monoglycerides in, 32:489
solids content of, 32:706
tempering of, 32:110
Glyceride contents, absolute, determination of, 32:581
Glycerides, countercurrent fractionation of, 32:652
crystallization analysis of, 32:240, 241
determining chain length in, 32:667
distillation of, 32:640
fractional crystallization of, 32:646
saponification numbers of, 32:667
Glycerine, determination of, with periodate, 32:675
Glycerolysis, of oils, 32:478
Glycols, determination of, with periodate, 32:675
Gossypol, determination of, 32:29
in treated cottonseed meal, 32:295
effect on protein value of cottonseed meal, 32:108
in cottonseed meals, effect of storage on, 32:55
in cottonseed oil, cake and meal, 32:98
in soapstock, destruction of, 32:551
reaction with Fe^{++}, 32:424
removal from cottonseed flakes, 32:151
Gourd seed oil, composition of, 32:384
Grease, antioxidants for, 32:158
yellow, antioxidants for, 32:287

H

Hair wax, human, composition of, 32:16
Heat test, Gardner, 32:578

Heptadec-10-en-8-yne-7-hydroxy-1-carboxylic acid, in Ximenia oil, 32:16
Heptadec-10-en-9-yne-1-carboxylic acid, in Ximenia oil, 32:16
n-Heptanal, dinitrophenylhydrazone of, 32:487
Heptanoic acid, partition coefficient of, 32:652
Herring oil, urea fractionation of acids from, 32:481
6,10,14-Hexadecatrienoic acid, spectrophotometry of, 32:153
7,10,13-Hexadecatrienoic acid, spectrophotometry of, 32:153
2-Hexadecenoic acid, paper chromatography of, 32:132
9-Hexadecenoic acid, paper chromatography of, 32:132
Hexadecyl ethanoate, physical properties of, 32:213
Hexanoic acid, partition coefficient of, 32:652
spectrophotometry of, 32:153
Hexane extraction, of cottonseed, 32:691
of fish offal, 32:163
of meat offal, 32:25
Hexanolamine soaps, micelles of, 32:446
Hexyl ethanoate, physical properties of, 32:213
Hot dip tinning oils, 32:83
Hydrocarbons, in human hair wax, 32:16
Hydrogenation, determining unsaturation by, 32:671
flavor stabilization of beef fats by, 32:547
infrared spectra in study of, 32:624
isomerization during, 32:490
of methyl oleate peroxide, 32:221
of triglycerides, kinetics of, 32:69
Hydroperoxides, effect on oxidation of methyl oleate, 32:79
preparation of, 32:700
Hydroxamic acids, crystallization of, 32:646
identifying fatty acids with, 32:667
Hydroxy-enyne fatty acids, in seed oils, 32:16
Hydroxy fatty acids, in wool wax, 32:16
18-Hydroxy-9,11,13-octadecatrienoic acids, infrared spectra of, 32:501
Hydroxyl number, determination of, 32:675
Hypochlorous acid, determination of unsaturation with, 32:351
iodine number determination with, 32:484
Hyssop oil, exterior paints from, 32:300

I

Infrared spectroscopy, review of, 32:624
Insoluble matter, determination of, 32:578
Instrumentation, control by, 32:684
review of, 32:662
Interesterification, with sodium methylate, 32:522
Intravenous alimentation, emulsion for, 32:365
Iodine number, determining with HOCl, 32:351, 484
Iodine value, determination of, 32:671
review of methods for determining, 32:235
Ion exchange chromatography, review of, 32:658
Isethionate, sodium reaction of α-sulfonated acids with, 32:370
Iso-fatty acids, in wool wax, 32:16
Isocholesterol, in wool wax, 32:16
Isomerization, during hydrogenation of acids, 32:400
with sodium amide, 32:414
1,4-bis-Isopropyl aminoanthraquinone, estimating solids in fats with, 32:706
Isopropyl citrates, protection of tocopherols in oils, by, 32:178

J

Japan wax, refractive index of, 32:709

K

Kamlolenic acid, infrared spectra of, 32:501
maleic anhydride adducts of, 32:501
structures of, 32:501
12-Ketostearic acid, reduction of, 32:221
Kokum butter, triglycerides in, 32:678

L

Laemonema Morosum Matsubara, alcohols in oil from, 32:525
Lagenaria vulgaris seed oil, composition of, 32:384
Lanolin, reaction of sodium with, 32:556
Lard, antioxidants for, 32:158
centrifugation of, 32:73
countercurrent distribution of monoglycerides from, 32:191
determining carbonyl index of, 32:341
effect of sodium methylate on, 32:522
glyceride composition of, 32:678
hydrogenated, solubility of monoglycerides from, 32:489
microscopic study of, 32:659
phenolic antioxidants for, 32:386
polyvinyl esters of fatty acids from, 32:185
rearranged, dilatometry of, 32:633
physical characteristics of, 32:37
solids content of, 32:706
Laurate soaps, micelles of, 32:446
Lauric acid, esterification of phenols with, 32:170
partition coefficient of, 32:652
solubility of, 32:646
Lecithin, from soybean oil gum, 32:121
soybean, brown substances in, 32:169
Linoleate, ammonium, copper catalyzed oxidation of, 32:252
sodium, enzymatic oxidation of, 32:505
Linoleate esters, film-forming properties of, 32:207
Linoleate hydroperoxide, catalyzed formation of, 32:252
Linoleate peroxides, structure of, 32:16
Linoleic acid, crystallization of, 32:646
determination of, 32:616
determining unsaturation of, 32:351
paper chromatography of, 32:132
partition coefficient of, 32:652
solubility of, 32:357, 646
spectrophotometry of, 32:153
ultraviolet spectrum of, 32:616
9:10, 11:12-Linoleic acid, iodine number of, 32:484
Linoleic peroxides, structures of, 32:505
Linolenate, polymerization of, 32:469
Linolenate esters, film-forming properties of, 32:207
Linolenic acid, determination of, 32:616
isomerization of, by $NaNH_2$, 32:414
paper chromatography of, 32:132
partition coefficient of, 32:652
spectrophotometry of, 32:153
ultraviolet spectrum of, 32:616
Linolenyl amides, chromatography of, 32:414
infrared spectra of, 32:414
Linseed oil, catalysts and inhibitors in polymerization of, 32:94
chromatographic analysis of, 32:132
crystallization of acids from, 32:646
countercurrent analysis of, 32:652
countercurrent distribution of, 32:397
detection in tung oil, 32:484
determining unsaturation of, 32:235, 351
epoxy resin varnishes from, 32:291
fluorescence of, 32:381
oxygen uptake by emulsions containing, 32:528
Linters, determination of, on cottonseed, 32:442
Lipoxidase, effect on macaroni quality, 32:558
oxidation of sodium linoleate by, 32:505
Liquid-liquid extraction, analysis of lipids by, 32:652

M

Macaroni, effect of lipoxidase on color of, 32:558
Magnesium soaps, micelles of, 32:446
Maleic anhydride, kamlolenic acid adducts of, 32:501
Margarine, centrifugation of, 32:73
dilatometry of, 32:633
microscopic study of, 32:659
solids content of, 32:706
Margarine-like spreads, formulation of, 32:9
Marine oils, composition of, 32:481, 492
spectrophotometric analysis of, 32:153
Mbocayá palm oil, production and properties of, 32:495
Meal, cottonseed, use of phosphatides in, 32:564
determination of moisture in, 32:344
Meat offal, solvent extraction of, 32:25
Melting point, determination of, 32:593
Menhaden oil, urea fractionation of acids from, 32:481
Mercuric acetate, chromatography of ester complexes with, 32:132
Metals, determination of, 32:578
Methoxyethyl esters, reaction of polyvinyl acetate with, 32:185
1,4-bis-Methyl aminoanthraquinone, estimating solids in fats with, 32:706
Methyl arachidate, dilatometry of, 32:459
Methyl behenate, dilatometry of, 32:459
Methyl caprylate, solubility of, 32:646
Methyl cyclized eleostearate, infrared spectra of, 32:473
structure of, 32:473
Methyl dichlorostearate, synthesis of, 32:520
Methyl elaidate, infrared spectrum of, 32:624
Methyl eleostearates, cyclization of, 32:473
preparation and polymerization of, 32:469
Methyl esters, chromatography of 32:132
countercurrent distribution of, 32:652
distillation of, 32:640
partition coefficients of, 32:652
polarography of oxidation products from, 32:271
reaction of polyvinyl acetate with, 32:185
saponification numbers of, 32:667
Methyl laurate, solubility of, 32:646
Methyl linoleate, autoxidation of, 32:16
autoxidized, countercurrent analysis of, 32:652
infrared spectrum of, 32:624
isomerization of, by $NaNH_2$, 32:414
oxidation under ultraviolet, 32:33
Methyl linolenate, isomerization of, by $NaNH_2$, 32:414
oxidation under ultraviolet, 32:33
polymerization of, 32:469
Methyl myristate, fluorescence of, 32:381
solubility of, 32:646
Methyl oleate, autoxidation-hydrogenation of, 32:221
autoxidation of, 32:79, 135, 700
chlorination of, 32:520
dilatometry of, 32:459
infrared spectrum of, 32:624
isomerization during hydrogenation of, 32:400
oxidation under ultraviolet, 32:33
Methyl oleate hydroperoxides, 32:700
Methyl oleate peroxide, reduction of, 32:221
Methyl palmitate, dilatometry of, 32:459
solubility of, 32:646
Methyl stearate, dilatometry of, 32:459
fluorescence of, 32:381
infrared spectrum of, 32:473, 624
solubility of, 32:646
Methyl trans-octadecenoate hydroperoxides, 32:700
Micelle formation in solvents, 32:446
Microscopic methods, review of, 32:659
Milk fat, chromatographic analysis of, 32:132
crystallization of esters from, 32:646
triglycerides in, 32:678
Milk products, determination of oxidation in dried, 32:13
Mineral oil, antioxidants for, 32:158
Mixes, performance testing of fats in, 32:609
Moisture, determination of, 32:578
meter for determining, 32:344
Molasses, refining rice oil with, 32:561
Molecular distillation, review of, 32:640
1-Monobutyrin, countercurrent distribution of, 32:191
Monoenoic acids, separation with urea, 32:481
Monoethanolamine, refining rice oil with, 32:561
Monoethenoic acids, isolation of, 32:646
Monoglycerides, baking tests with, 32:609
countercurrent distribution of, 32:191, 194
determination of, 32:624
with periodate, 32:675
effect on phase separation of global spreads, 32:73
in edible spreads, 32:9
in global spreads, 32:110
infrared spectra of, 32:88
perchloric acid analysis for, 32:194
separation of 2- from 1-isomer, 32:191, 194
solubility in oil, 32:489
synthesis of, 32:478
urea complexes of, 32:224
X-ray patterns of, 32:612
2-Monoglycerides, isolation and analysis of, 32:194
Monohydroxystearic acid, preparation of, 32:221
1-Monomyristin, countercurrent distribution of, 32:191
infrared spectrum of, 32:88
Monoolein, countercurrent distribution of, 32:191
1-Monoolein, infrared spectrum of, 32:88
2-Monoolein, isolation of, 32:194
Monopalmitin, isomerization of, by perchloric acid, 32:194
solubility in cottonseed oil, 32:489

1-Monopalmitin, countercurrent distribution of, 32:191
infrared spectrum of, 32:88
Monostearin, countercurrent distribution of, 32:191
fluorescence of, 32:381
solubility in cottonseed oil, 32:489
1-Monostearin, infrared spectrum of, 32:88
solubility of, 32:172
2-Monostearin, isolation of, 32:194
Murumuru palm oil, properties of, 32:405
Mustard oil, determining unsaturation of, 32:351
glycerolysis of, 32:478
Mustard seed, white, oil content of, 32:124
Myristate soaps, micelles of, 32:446
Myristic acid, fluorescence of, 32:381
partition coefficient of, 32:652
solubility of, 32:646

N

Naccanol NR, adsorption by textile fibers, 32:166
Neem oil, glyceride composition of, 32:678
Nonaethyleneglycol monolaurate, micelles of, 32:446
Nonconjugate unsaturation, determination of, 32:235
Nonionic detergents, analysis of mixtures of, 32:58
soil removal with, 32:138
Nonionic surfactants, micelles of, 32:446
textile applications of, 32:231
urea adducts of, 32:249

O

9,11-Octadecadienoic acid, infrared spectrum of, 32:505
4, 8, 12, 15-Octadecatetraenoic acid, spectrophotometry of, 32:153
9,11,13-Octadecatrienoic acid, plasticizers from, 32:533
9,12,15-Octadecatrienoic acid, spectrophotometry of, 32:153
trans-Octadecenoic acid, determination of, 32:624
2-Octadecenoic acid, paper chromatography of, 32:132
Octadecenoic acids, binary mixtures of dihydroxystearic acids with, 32:539
isomerization during hydrogenation of, 32:400
Octadecyl ethanoate, physical properties of, 32:213
Octanoate soaps, micelles of, 32:446
Octanoic acid, partition coefficient of, 32:652
(2-*n*-octyl-cyclo-prop-1-enyl) octanoic acid, in Sterculia foetida oil, 32:16
Octyl ethanoate, physical properties of, 32:213
***p*-Octylphenol-ethylene oxide adduct,** analysis of, 32:77
Oils, acetone fractionation of, 32:397
antioxidants for, 32:158
AOM test on tocopherol-containing, 32:175
bench-scale extraction of, 32:129
countercurrent fractionation of, 32:652
determining iodine number of, 32:484
determining reversion and rancidity of, 32:341
determining unsaturation of, 32:235, 351
establishing specifications for, 32:686
extraction efficiency nomograph, 32:109
fluorescence of, 32:381
gravimetric determination of, 32:124
pressure centrifugal refining of, 32:121
sampling of, 32:575
solubility of monoglycerides in, 32:489
spectrophotometric analysis of, 32:153
stability test for vitamin A in, 32:197
surface phenomena of, 32:23
Oiticica oil, determination of unsaturation in, 32:235
fluorescence of, 32:381
polymerization of, 32:94
Olefins, detergents from, 32:418
sulfonation of, 32:418
Oleic acid, amide-ester plasticizers from, 32:354
autoxidation-hydrogenation of, 32:221
autoxidation of, 32:700
baking tests with, 32:609
chlorination of, 32:520
crystallization of, 32:646
determining unsaturation of, 32:351
isomerization during hydrogenation of, 32:400
paper chromatography of, 32:132
partition coefficient of, 32:652
solubility of, 32:357, 646
spectrophotometry of, 32:153
Oleo oil, determining carbonyl index of, 32:341
odor and flavor of, 32:547
Oleodipalmitin, melting dilation of, 32:633
Oleodistearin, melting dilation of, 32:633
Oleoresinous varnishes, epoxy resins in, 32:291
Oleyl alcohol, chlorination of, 32:148
Oleyl alcohol-ethylene oxide adduct, analysis of, 32:77
2-Oleyl distearin, phase behavior in binary systems, 32:49
Oleyl sulfate, sodium, surface properties and detergency of, 32:148
Oleylamine-ethylene oxide adduct, analysis of, 32:77
Olive oil, chromatographic analysis of, 32:132
crystallization of esters from, 32:646
determining unsaturation of, 32:351
emulsions for intravenous feeding from, 32:365
surface phenomena of, 32:23

of 1,4-pentadiene, 32:454
oxidative, of drying oils, 32:207
thermal, catalysts and inhibitors for, 32:94
of eleostearates, 32:469
of triglycerides, 32:16
Polymorphism, of triglycerides, 32:49
X-rays in study of, 32:612
Polyunsaturated acids, alkali isomerization and spectrophotometry of, 32:153
Polyvinyl resins, plasticizers for, 32:354
Polyvinyl esters, production by ester interchange, 32:186, 350
Pomfret oils, composition of, 32:492
Potassium hydroxide, reagents for isomerizing acids, 32:158
Potato chips, phenolic antioxidants for, 32:386
Pressing, tung oil production by, 32:282
Process control, review of, 32:684
β-Propiolactone, reaction of eleostearates with, 32:533
Propionic acid, partition coefficient of, 32:652
Propyl gallate, antioxidant activity of, 32:386
determinations of, 32:493
stabilization of fats and oils with, 32:158
of yellow grease by, 32:287
***n*-Propyl stearate,** solubility of, 32:646
Protein quality in cottonseed meal, 32:103
Proteins, castor seed, properties of, 32:553
soybean, electrophoresis of, 32:274
Pumpkin seed oil, composition of, 32:384

Q

Quality control, review of, 32:684
Quaternary ammonium compounds, determination in detergents, 32:58
micelles of, 32:446
Quinones, diene polymerization with, 32:454

R

Rancidity, determination of, 32:341, 605
infrared spectra in study of, 32:624

Rapeseed, oil content of, 32:124
Rapeseed oil, crystallization of esters from, 32:646
Rats, nutritional value of cottonseed meal for, 32:103
Refining, amines for, 32:561
effect of winterizing cottonseed oil on, 32:497
evaluation of systems for, 32:121
pressure centrifugal, 32:121
soapstock from, 32:517
Refining loss, determination of, 32:581
Reichert Meissl number, of butterfat, 32:667
Resins, plasticizers for, 32:354
Reversion, determination of, 32:341
Rice oil, refining of, 32:561
surface phenomena of, 32:23
Ricinoleate, tin, solubility of, 32:177
Ricinoleic acid, paper chromatography of, 32:132
Safflower oil, crystallization of acids from, 32:646
fluorescence of, 32:381
polymerization of, 32:94

S

Salmon oils, urea fractionation of acids from, 32:481
Sampling, methods of, 32:575
statistical controls for, 32:664
Sardine oil, hydrogenated, reaction of polyvinyl acetate with, 32:185, 350
Saw fish liver oil, composition of, 32:7
Sea oil, urea fractionation of acids from, 32:481
Sebastiana lingustrina oil, 2,4-dodecadienoic acid from, 32:556
Seeds, determination of oil in, 32:124
Semolina, effect of lipoxidase on color of, 32:558
Sesame oil, antioxidants for, 32:158
determining unsaturation of, 32:351
oxygen uptake by emulsions containing, 32:529
quality of, 32:348
solubility in ethanol, 32:420
surface phenomena of, 32:23
ultraviolet spectrum of, 32:616
Sesamin, factors affecting sesame oil content of, 32:348
Sesamol, factors affecting sesame oil content of, 32:348
Sesamolin, factors affecting sesame oil content of, 32:348
Shark liver oil, composition of, 32:229
Indian, composition of, 32:7
vitamin A stability in, 32:197
Short course, 1955, lectures, 32:575
Shortening, AOM tests on tocopherol-containing, 32:175
centrifugation of, 32:75
determining carbonyl index of, 32:341
determining consistency of, 32:593
determining melting point of, 32:593
dilatometry of, 32:633
establishing specifications for, 32:686
glycerides in, 32:667
microscopic study of, 32:659
performance testing of, 32:609
solids content of, 32:706
Silicates, soil removal with, 32:138
Soaps, adsorption by textile fibers, 32:166
analysis of, 32:531
determination in detergents, 32:58
in refined oil, determination of, 32:578
oil-soluble, micelles of, 32:446
phase studies in systems with NaCl and H_2O, 32:216
soil removal by, 32:200
Soapstock, acidulation of, 32:517
benzylation of, 32:561
destruction of gossypol in, 32:551
plasticizers from, 32:551
Soda ash, refining of oils with, 32:121
Sodium, reduction of wool wax by, 32:556
Sodium amide, isomerization of fatty acids with, 32:414
Sodium hydroxide, diene polymerization with, 32:454
Sodium methylate, rearrangement of fats, 32:522
Sodium salts, effect of, on soil redeposition, 32:200
Sodium soaps, micelles of, 32:446
Soil, carbon, detergency tests with, 32:200
radioactive carbon, detergency tests with, 32:138
Soil redeposition, suppression of, 32:200
Soil removal, by dishwashing detergents, 32:497
by urea-surfactant adducts, 32:249
detergents for, 32:418
Solidification point, determination of, 32:593
Solvent extraction, bench-scale, 32:129
of cottonseed flakes, 32:691
Solvent extraction plants, design of, 32:698
Soybean fatty acids, esterification of Cardanol with, 32:170
Soybean lecithin, brown substances in, 32:169
Soybean meal, determination of moisture in, 32:344
urease activity in, 32:279
Soybean oil, bleaching of, 32:1, 587
characteristics of, from damaged beans, 32:85
chromatographic analysis of, 32:132
countercurrent distribution of, 32:397
degumming of, 32:121
determining carbonyl index of, 32:341
determining unsaturation of, 32:235
epoxy resin varnishes from, 32:291
establishing specifications for, 32:686
hydrogenated, AOM tests on, 32:175
dilatometry of, 32:633
Hysoy, exterior paints from, 32:300
monoglycerides from, 32:224
polarography of oxidation products from, 32:271
polyvinyl esters of fatty acids from, 32:185
refining loss of, 32:581
solubility in ethanol, 32:420
Soybean phosphatides, countercurrent distribution of, 32:652
Soybean proteins, electrophoresis of, 32:274
Soybeans, bitter and beany components of, 32:390
Spectrometers for quality control, 32:662
Spectrophotometric analysis of fats, 32:153
review of, 32:616
Spectrophotometry, determining chain length by, 32:667
hydrogenation control by, 32:671
Spectroscopy, infrared, review of, 32:624
ultraviolet, review of, 32:616
X-ray, review of, 32:612
Sperm oil, antioxidants for, 32:158
reaction of sodium with, 32:556
Spreads, global, tempering of, 32:110
Squash seed oil, composition of, 32:384
Stability, determination of, 32:605
effect of bleaching on, 32:1
flavor, determination of, 32:341
Stability test, for tocopherols, 32:175
for vitamin A, 32:197
Stand oil, mechanism of formation of, 32:16
Statistics, research and control using, 32:664
Stearate soaps, micelles of, 32:446
Stearic acid, amide-ester plasticizers from, 32:554
esterification of phenols with, 32:170
partition coefficient of, 32:652
solubility in acetone, 32:172
solubility of, 32:357, 646
Stearodiolein, melting dilation of, 32:633
Stearodipalmitin, melting dilation of, 32:633
2-Stearodipalmitin, phase behavior in binary systems, 32:49
Stearolic acid, paper chromatography of, 32:132
solubility of, 32:357, 646
Stearone, reduction of, 32:221
Sterculia foetida seed oil, sterculic acid from, 32:16
Sterculic acid, structure of, 32:16
Sterols, in wool wax, 32:16
Styrene copolymers, infrared spectra of, 32:624
Sucrose, refining rice oil with, 32:561
Sulfoethyl esters, preparation and surface properties of, 32:370
Sulfonated fatty acids, detergents from, 32:370
Sulfur dioxide, diene polymerization with, 32:454
Surfactants, analysis of mixtures of, 32:58
effect of adsorption on use and disposal of, 32:166
nonionic, urea adducts of, 32:249
preparation from olefins, 32:418
textile applications of, 32:231

T

Tallow, antioxidants for, 32:158
change during use in hot dip tinning, 32:83
effect of sodium methylate on, 32:522
glyceride composition of, 32:678
odor and flavor of, 32:547
Tallow alcohol, detergent from, 32:148
Taste panels, oil evaluation by, 32:596
Testes, beef, unsaturated fatty acids from, 32:286
Tetrabromostearic acid, dehydrobromination of, 32:538
Tetrachlorostearic acid, synthesis of, 32:520
2-Tetradecenoic acid, paper chromatography of, 32:132
9-Tetradecenoic acid, paper chromatography of, 32:132
Tetradecyl ethanoate, physical properties of, 32:213
Tetraethanol ammonium hydroxide, refining rice oil with, 32:561
Textiles, surfactants for, 32:231
Thiobarbituric acid, determination of fat oxidation products with, 32:33
2-Thiobarbituric acid, analysis of dried milk products with, 32:13
Thiobarbituric acid test, flavor score and, 32:596
review of, 32:605
Thiocyanogen value, review of methods for determining, 32:235
Tin ricinoleate, solubility of, 32:177
Tinning oils, effect of polyunsaturation in, 32:83
Titer, determination of, 32:593
Tocopherols, AOM test on oils containing, 32:175
Triacetin, infrared spectrum of, 32:88
Tributyrin, infrared spectrum of, 32:88
Trichloroethylene extraction, of cottonseed oil, 32:444
of fish offal, 32:163
of gossypol, 32:151
of meat offal, 32:25
Trielaidin, infrared spectrum of, 32:88
preparation of, 32:69
Triethanolamine, refining rice oil with, 32:561
Triethylamine, refining rice oil with, 32:561
Triglycerides, determination of, 32:678
hydrogenation of, 32:69
infrared spectra of, 32:88
melting dilation of, 32:633
phase behavior of binary mixtures of, 32:49
thermal polymerization of, 32:16
X-ray patterns of, 32:612
2,4,5-Trihydroxyphenones, antioxidant activity of, 32:158
Trimyristin, fluorescence of, 32:381
Triolein, emulsions for intravenous feeding from, 32:365
infrared spectrum of, 32:88
kinetics of hydrogenation of, 32:69
melting dilation of, 32:633
phase behavior in binary systems, 32:49
preparation of, 32:69
solubility of tristearin in, 32:316
Tripalmitin, infrared spectrum of, 32:88
melting dilation of, 32:633
phase behavior in binary systems, 32:49
Tristearin, fluorescence of, 32:381
infrared spectrum of, 32:88
melting dilation of, 32:633
phase behavior in binary systems, 32:49
solubility in liquid glycerides, 32:316
Tucum palm oil, properties of, 32:495
Tuna body oil, urea fractionation of acid from, 32:481
Tung oil, catalysts and inhibitors in polymerization of, 32:94
detecting adulteration of, 32:484
determining eleostearic acid in, 32:616
determining unsaturation of, 32:235,351
epoxy resin varnishes from, 32:291
fluorescence of, 32:381
iodine number of, 32:484
plasticizers from, 32:533
production of, 32:282
spectrophotometric analysis of, 32:153
Tung oil cake, composition of, 32:282
Turnip rape seed, oil content of, 32:124

U

Ultraviolet spectroscopy, review of, 32:616
n-Undecanal, from rancid corn oil, 32:487
n-Undecenal, from rancid corn oil, 32:487
10-Undecenoic acid, paper chromatography of, 32:132
Unsaponifiables, determination of, 32:578
in soap, 32:531
effect of, on surface phenomena of oils, 32:23
Unsaturated acids, urea fractionation of, 32:286
Unsaturation, chemical determination of, 32:235
determination of, 32:351, 671
Urea, adducts of mono- and di-glycerides with, 32:224
adducts of surfactants with, 32:249
analysis of beef testes fatty acids with, 32:286
analysis of fish oils with, 32:16
fractionation of fatty acids with, 42:481
separation of autoxidation products with, 32:135
separation of cyclized esters with, 32:473
Urea adducts, crystallization of, 32:646
Urease, activity in soybean oil meal, 32:279

V

Valeric acid, partition coefficient of, 32:652
Varnishes, epoxy resins in, 32:291
modified drying oils in, 32:210
polyvinyl fatty acid esters in, 32:185
Vateria Indica fat, glyceride composition of, 32:678
Vinyl resins, eleostearate plasticizers for, 32:533
Vitamin A, accelerated stability test for, 32:197
distillation of, 32:640
spectrophotometry of, 32:616
Volatile matter, determination of, 32:578
Votator system for bleaching, 32:1

W

Watermelon seed oil, composition of, 32:384
Wax, human hair, composition of, 32:16
paraffin, antioxidants for, 32:158
wool, composition of, 32:16
reaction of sodium with, 32:556
Waxes, refractive indices of, 32:709
Wesson method, determining color by, 32:587
determining neutral oil by, 32:581
Whale liver oil, vitamin A stability in, 32:197
Wiley melting point method, 32:593
Winterizing, refining cottonseed oil after, 32:497
Wool wax, composition of, 32:16
reaction of sodium with, 32:556

X

X-ray spectroscopy, review of, 32:612
Ximenia seed oil, composition of, 32:16
Ximenynic acid, structure of, 32:16

Z

Zinc soaps, micelles of, 32:446

Committees

Appointments for 1955-56, 32:(7)21, 32:(8)19

Bleaching and Refining, report, 1954-55, 32:428

Color, report, October 1955, 32:704
Crude Vegetable Oils, report, 1954-55, 32:428

Drying Oils, report, 1954-55, 32:428

Fat Analysis, report, 1954-55, 32:429
Fatty Acid Producers' Award, 32:(5)22

Glycerine, report, 1954-55, 32:428
Governing Board, meeting, spring 1955, 32:(6)35
fall 1955, 32:(11)32

Journal Advertising, report, 1954-55, 32:(6)41

Literature Review, report, Part I., 32:255
Part II., 32:319

Membership, report, 1954-55, 32:(6)37

Nitrogen, report, on collaborative work, 32:35
Nominating and Election, 1955-56, appointed, 32:(6)31

Oil Color, report, 1954-55, 32:503
Oilseed Meal, report, 1954-55, 32:427
Oilseeds, report, 1954-55, 32:427

Referee, list of referees, 1955-56, 32:(7)26
Referee Board, report, 1954-55, 32:424

Seed and Meal Analysis, report, 1954-55, 32:430
appoints subcommittee for determination of urease in soybean meal, 32:(10)19
Soap Analysis, report, 1954-55, 32:430
Spectroscopy, report, 1954-55, 32:452
Smalley, check samples announced, 32:(8)18
report, 1954-55, 32:426
testing of edible oil products, 32:(12)26

Tallow and Grease, report, 1954-55, 32:428
Treasurer's Report, 1954, 32:(6)35

Methods of analysis, price increase for, 32:(11)32
revisions, 1955, 32:(11)14

Milner, R. T. Editorial—Seventh Short Course, Analytical Techniques, 32:(6)4

Morris, C. E. Editorial—Presidential Address, 32:(5)4

N

Nordihydroguaiaretic acid antioxidant, source of, 32:(10)32

North Central Oil Chemists' Society, elect officers, 32:(5)19
ladies' night plans, 32:(4)27
meeting, Jan. 26, 1955, 32:(3)28
meeting plans, 32:(1)19

North Central Section, becomes section, 32:(6)29

Northern California Section, meeting, Feb. 25, 1955, 32:(2)19
Feb. 25-26, 1955, 32:(4)27
April 29, 1955, 32:(6)24
Oct. 28, 1955, 32:(11)26, (12)32

O

Obituaries, Agee, G. W., 32:(8)32
Crampton, David, 32:(12)37
Egloff, Gustav, 32:(8)23
Gerstein, Samuel, 32:(1)18
Hill, N. C., 32:(10)19
Hoyt, L. F., 32:(3)29
Johnson, K. E., 32:(12)37
Pantelides, J. N., 32:(12)37
Porter, Frank W., 32:(1)18
Shilstone, H. M., 32:(12)37
Wissel, H. J., 32:(4)40

Officers, 1955-56, 32:(5)18

Oil and fat industry, economic status of, 32:(12)23

P

Pattison, E. Scott, Suggested definitions for special grade soybean and cottonseed soapstocks by, 32:(3)24

Paul, Pauline. Book review—Experimental Cookery from the Chemical and Physical Standpoint by Lowe, 32:(7)24

Peroxides, determination of, in vegetable and other oils, 32:(6)44

Piskur, M. M., begins 21st year as editor of abstracts, 32:(5)18

Presidential address 1955, by C. E. Morris, 32:(5)4

Prichard, G. L., describes oil and fat situation, 32:(12)23

R

Raper, Kenneth B. Book review—An Introduction to Industrial Mycology by Smith, 32:(4)31

Rice, E. E. Book review—The Lipids, Their Chemistry and Biochemistry by Deuel, 32:(6)38

Richardson, A. S. Editorial—Basic Research in the Field of Fats, 32:(11)4

Ronzone, P. E. Editorial—Philadelphia, Delaware Valley, U.S.A., Southeastern Pennsylvania in the Fall, 32:(8)4

S

Scholfield, C. R. Book review—The Phosphatides by Wittcoff, 32:(12)40

Scofield, Francis. Book review—A.S.T.M. Standards on Paint, Varnish, Lacquer, and Related Products, 32:(7)25
1954 Supplement to A.S.T.M. Standards, Part 4, 32:(7)25

Screw press mills, operation of, 32:(8)24

Shepard, H. H. Book review—Chemistry of the Pesticides by Frear, 32:(6)40

Short course, 1955, announced for University of Illinois, 32:(2)20
editorial on, 32:(6)4
more speakers, 32:(6)23
program, 32:(5)20
program committee, 32:(3)27
registration, 32:(6)23, (7)19, (8)20, (9)25
report, 32:(9)25
tentative program, 32:(4)24

Sisley, J. P. Editorial—L'Institut des Corps Gras de Paris et L'Ecole Superieure D'Application des Corps Gras, 32:(2)4

Smith, L. H., Clean water and what it means to the public and industry by, 32:(4)32

Smith, R. J. Book review—New Instrumental Methods in Electrochemistry by Delahay, 32:(5)25

Sorensen, S. O., retires, 32:(12)26

Southern California Oil Chemists' Society, elect officers, 32:(5)19
meeting, Jan. 13, 1955, 32:(3)28
Feb. 25, 1955, 32:(2)19

Southwest Section, becomes section, 32:(11)19

Soybean and cottonseed soapstocks, suggested definitions for special grade, 32:(3)24

Stillman, R. C. Book review—Small-Scale Inorganic Qualitative Analysis by Stock, 32:(4)31

Stirton, A. J., technical report of the Philadelphia meeting by, 32(12)34

Suppliers, for official A.O.C.S. supplies, 32:(12)36

Swern, Daniel, receives Arthur S. Fleming award, 32:(3)26
technical report of the Philadelphia meeting by, 32:(12)34

T

Technical correspondence, by J. P. Harris—A.O.C.S. books on vegetable oils and fats, 32:(10)32
Bloom jelly point of glue, 32:(9)32
Contaminants in cotton linters, 32:(5)32
Determining the color of vegetable oils, 32:(9)32
Determining peroxides in vegetable and other oils, 32:(6)44
Operation of screw press mills, 32:(8)24
Source of nordihydroguaiaretic acid antioxidant, 32:(10)32
Source of pure gossypol, 32:(7)19
Use of sugar in detergents, 32:(11)26

Teeter, Howard M. Book review—Technique of Organic Chemistry, Vol. I., Physical Methods of Organic Chemistry by Weissberger, 32:(3)22

Terrill, R. L. Book review—Paint and Varnish Manual. Formulation and Testing by Gordon and Gordon, 32:(7)24
Editorial—The Soybean Research Council, 32:(9)4

Tierney, S. E. Editorial—Seventh Short Course, Analytical Techniques, 32:(6)4

Timasheff, S. N. Book review—A Short Textbook of Colloid Chemistry by Jirgensons and Straumanis, 32:(10)22

V

Vander Wal, R. J. Technical report on 1955 spring meeting, 32:(6)32

Vegetable oils and fats, A.O.C.S. books on, 32:(10)32

W

Waste treatment methods, 32:(12)27

Water, clean, and what it means to the public and industry, 32:(4)32

Wheeler, D. H. Book review—Organic Syntheses, Collective Vol. III. by Horning, 32:(5)24

World markets, surpluses of oils and fats in, 32:(10)26
